HARIKA K

Software Engineering Student

kaveripakuharika14@gmail.com |+91-8919926624| LinkedIn | GitHub |Portfolio

SUMMARY

Highly dedicated and passionate student currently pursuing an Integrated M.Tech in Software Engineering. Eager to apply strong academic foundations and technical skills to real-world projects, delivering value while expanding expertise in software development.

EDUCATION

Vellore Institute of Technology, AP **2022-Present**

- SOFTWARE ENGINEERING| CGPA: **7.97***

Sri Vivekananda College, India **2020 - 2022**

- Board Of Intermediate Education, Andhra Pradesh (Class XII), Aggregate: 919/1000

B. V. Reddy Senior Secondary School, India **2019 - 2020**

- Central Board of Secondary Education (Class X), Aggregate: 353/500

TECHNICAL SKILLS AND COMPETENCIES

Programming Languages: Java, Python.

Web Technologies: HTML, CSS, JavaScript.

Frameworks & Tools: Git, React JS (Basics).

Soft Skills: Communication, Teamwork, Time Management, Adaptability.

Languages: English, Telugu, Kannada, Tamil.

PROJECTS

MY PORTFOLIO

- Objective is to create a visually appealing page that showcases an individual's personal portfolio.
- Developed using HTML, CSS, JavaScript.

Smart Crop Irrigation using IOT.

- Objective of this project is to display real-time data form the fields and implement auto irrigation techniques, and give crop suggestions based on data from sensor readings.
- Enhanced using HTML, CSS, JavaScript, Embedded C programming.

Lung Cancer Detection using Deep Learning.

- A comprehensive deep learning framework that automates the multi-class classification of lung conditions into Normal, Benign, and Malignant categories from CT scans to improve early diagnosis and patient survival rates.
- Improved using Python.

INTERNSHIPSAND CERTIFICATIONS

- **Microsoft Certification-** Microsoft Azure AI-900.
  This gave me opportunity to demonstrate foundational knowledge of machine learning (ML) and artificial intelligence (AI).
  Certified date: July 17,2024.
- **Oracle Generative AI-** AI Foundations Certification. Learned how to apply generative AI techniques and tools in real-world enterprise settings. Certified date: July 10,2025
- **Web Developer** – Keys Technologies Pvt. Ltd.
  part of the design and development team at Keys Technologies. Working on the main website of the Institute which is used to display their services.

POSITIONS OF RESPONSIBILITY

CSI (Computer Society of India) | member of the club **July'24-May'25**

- Worked as Lead in Marketing Department.

Captain-B. V. Reddy Senior Secondary School **2019-2020**

- Elected as Captain for Red house in the academic year.
